

Pre-Conference Workshops

Places Filling up Fast!

ICEM 2012 will feature a series of well established courses as well as practical, hands-on pre-conference workshops that are at the cutting-edge of the latest developments in the field of emergency medicine. Whether you are just starting out or looking to bring your skills to a whole new level, these workshops cover all bases. With some workshops at capacity and others likely to reach capacity soon, it is **strongly advised** that you book early to avoid disappointment.

[Register Here](#)

Workshops include the **European Trauma Course**, Advanced Airway Course (TEAM), **Advanced Paediatric Life Support Course**, MedicALS, **Emergency Ultrasound Course (Level 1 & Advanced)**, Paediatric Procedural Sedation, **Advanced ECG Interpretation**, Pre-Hospital Research, **Regional Anaesthesia**, Introduction to Medical Simulation and **Use Of the Internet For Evidence-Based Practice**. There will also be a **Major Incident Exercise** theory and practical workshop, including a mock train crash scenario.
